Our Purpose – Why

We inspire and empower people in our community to learn, contribute and lead and be the best they can be!

Our Vision –

Leading Education,
Building Futures

How do we strive **each day** to
achieve this?

Three key ways

1. High Expectations – The Best We Can Be!
2. Supportive Learning Environments – Engage and motivate to succeed.
3. Facilities and Resources that support our priorities at MacGregor SHS

What we offer

- Great People - "Contribute"
- Programs – Engage and Connect
- Resources – Facilities that enhance opportunities

THE BEST WE CAN BE

Thank You

Learning Program

Students at MacGregor SHS study six subjects in their timetable. Every week, students have three lessons for each subject, for a total of 210 minutes across the week. Students also meet with their Clan class every morning and have a 60 minutes lesson for Clan Wellbeing every Monday.

In Year 7, students complete five subjects and one elective each semester.

Every student completes these core subjects for the whole year:

- English
- Mathematics
- Science
- Humanities (History and Geography)

There are also two core subjects, which every student studies for one semester: Health and Physical Education, and a Language. Students may choose one of the following languages:

- Chinese
- German
- Japanese

All students also get the opportunity to complete two electives for one semester each. This allows students to select electives that are aligned to their skills and interests.
