Philosophy

The CAD program provides an opportunity for senior students with dedication, integrity and adaptability to creatively collaborate within the arts to achieve success. The overall focus is on developing the arts practitioner and performer.

The program aims to balance skills with an understanding and appreciation of various art forms. Development of the individual as an effective collaborator is a priority of CAD. This will be achieved by sharing in decision-making processes and a group ethic based on mutual respect and intellectual flexibility.

Students are encouraged to be open, fair-minded, resilient and culturally aware communicators. CAD students strive to demonstrate initiative, imagination and curiosity in the arts making process.

Projects have included

Vocal Workshops | Dance Workshops | Drama Workshops | Mask Making
Stage Combat | Puppetry | Circus Skills | Scriptwriting | Shakespeare | Film Making
Musicals | Competitions | Public Performance | Arts Festivals
Lighting and Production | Choreography | Primary School Projects
